# Golf

Perfect for golf amateurs, intermediates or professionals, our award-winning courses with a total of 63 holes have been renovated to reflect their original course design, making golf at Eagle Ridge more playable than ever.

### THE GENERAL

Eagle Ridge's crowning achievement, The General, designed by Roger Packard and two-time U.S. Open Champion Andy North, opened to rave reviews in 1997. For 12 years in a row it has ranked in the top 100 golf courses by *Golf Digest* magazine. With a 250-foot elevation change throughout, it boasts spectacular views of the tri-state area. The signature hole is #14, a par 4 with 180 feet of elevation change from tee to green.

### THE NORTH COURSE

Opened in 1977, the North Course is characterized by scenic elevated tee boxes and rewards golfers with long vistas throughout The Galena Territory countryside and a unique view of Lake Galena. The signature hole is #8, which is a 165-yard par 3 with 80 feet of elevation change from tee to green. The tee shot on #8 crosses the corner of Lake Galena, opening up to a spectacular view of the lake and its abundant rock outcroppings.

### THE SOUTH COURSE

Opened in 1984 and voted one of the top 75 upscale courses in the country, the South Course winds through a beautiful wooded valley where streams come into play on 11 of the 18 holes. The signature hole is #18, a 406-yard par 4 with the tee set 90 feet above a lake guarded landing area and a stream that crosses the fairway 265 yards from the tee. The second shot plays uphill to a well-bunkered elevated green. Although shorter in yardage than our other courses, The South is the most difficult and the place to test your accuracy and shot-making skills.

### THE EAST COURSE

At a par 34 and 9-holes, The East Course is ideal for beginners, juniors and for those looking to play a shorter course through undulating greens and beautiful rock outcroppings. The signature hole is #3, a short, tight par 4 with a stream running up the left and a 30-foot rock wall along the right. The hole plays 290 yards through a quiet, secluded valley.

“Eagle Ridge has done a masterful job at restoring the original ‘playability’ of all the resort’s courses...renovations are most apparent on The General, widely regarded as one of the top courses in Illinois.”

— Dr. Kiel Christianson, Senior Writer & Equipment Editor, *Golfnow.com/*  
*The Golf Channel.*
